

Fiction

A fictional text is made up by an author. It comes from the author's imagination. It is not true.

Nonfiction

A nonfiction text is written to teach, inform and explain about real things.

Fiction is also called Literature

- made up story
- read the story in order (start to finish)
- has a beginning, middle and an end
- entertains the reader
- illustrations
- characters and setting
- problem and solution
- animals can talk

Nonfiction is also called Informational

- true facts
- read the book in any order
- teaches the reader
- photographs
- text features
 - table of contents
 - charts and diagrams
 - heading
 - labels
 - captions
 - index
 - glossary

Fiction or Nonfiction?
